

AMRITANSHU BARPANDA

Rourkela, Sundergarh, Odisha  Portfolio Website
 (+91) 78150-77685  abarpanda05@gmail.com  [Amritanshu Barpanda](#)  [ABarpanda](#)

Education

National Institute of Technology, Rourkela

Bachelor of Technology in Electronics and Instrumentation Engineering (CGPA - 7.73)

August 2023 – Present

Rourkela, Odisha

Delhi Public School, Sambalpur

AISSE – CBSE, Science (PCM) (Percentage - 90%)

May 2023

Sambalpur, Odisha

Delhi Public School, Rourkela

AISSE – CBSE (Percentage - 96%)

May 2021

Rourkela, Odisha

Relevant Coursework

- Data Structures and Algorithms
- Object Oriented Programming
- Database Management Systems
- Deep Learning & Neural Networks
- Computer Vision

Work Experience

Accenture

Advanced Engineering Hire (AEH) Intern

May 2026 – July 2026

Certificate

- Built scalable data pipelines and performed large-scale data manipulation on the **Palantir Foundry** platform using **700+ records** from multiple datasets, enabling efficient processing and analysis.
- Created ontology-based vector embeddings for **400+ domain-specific keywords** extracted from **10+** research papers, enabling an ontology-driven semantic search pipeline and knowledge discovery.

Rourkela Steel Plant

Vacational Trainee

May 2025 – June 2025

Certificate

- Designed and implemented a battery-powered **ESP32-S3**-based SoftAP module that monitors and transmits temperature and humidity data over Wi-Fi and Ethernet for Electrical Control Rooms at RSP, ensuring real-time environmental monitoring during power outages.

GRID-INDIA

Summer Intern

June 2024 – July 2024

Certificate

- Developed a program to generate detailed map infographics by processing power plant coordinates, cost per unit, and capacity, enabling clear visualization of energy distribution.
- Conducted performance analysis of Quadratic vs Linear Programming in **Price-Based Economic Dispatch (PBED)** systems; found QP slightly more efficient, but not significantly better to warrant replacing existing LP models.

Projects

Parampara

React.js, Node.js, Express, Supabase, REST APIs

December 2025

Website

- Launched a full-stack community-driven web platform enabling users to document, share, and explore family rituals across regions, featuring secure authentication, user profiles, ritual creation and discovery.

Om Tours

Python, HuggingFace, Smolagents, APIs

March 2025

Website

- Built a **multi-step agentic AI model** using Smolagents, integrating 7 API endpoints to generate personalized travel itineraries. Implemented structured decision-making with tool-based execution for itinerary creation, budget allocation, and transport selection.
- Developed a backend system using FastAPI and React, utilizing FastAPI to build efficient APIs for processing travel data and React to craft an interactive frontend for **custom itinerary generation** and visualization.

Next-Problem

Python, React.js, Vercel, API

September 2024 – December 2024

Website — GitHub

- Designed and deployed **Next-Problem**, a personalized coding question recommendation tool leveraging **Elo-MMR** to filter and match problems to user skill levels. Engaged **250+** users and recorded **500+** visits in the first month.

Achievements

LeetCode

July 2024

Competitive Programming

Profile — Standings

- Secured a global rank of **1306** among **36,768** participants in LeetCode Weekly Contest 408, demonstrating strong DSA and competitive programming skills.

CodeChef: Two Star

April 2024

Competitive Programming

Profile

- Achieved a peak rating of **1528** on CodeChef and competed in **35+** contests, showcasing strong algorithmic problem-solving and programming skills.

Hacktoberfest

October 2023

Open-Source

Treenation — Badges — Certificate

- Submitted 6 pull requests during Hacktoberfest, with 4 accepted and merged into open-source repositories, showcasing collaborative development and version control skills.

Technical Skills

- Languages:** Python, HTML, CSS, JavaScript, SQL(Structured Query Language), C++
- Developer Tools:** VS Code, Jupyter Notebook, Google Colab, Palantir Foundry, Spyder, Postman
- Libraries:** Numpy, Pandas, Matplotlib, PyTorch, Web Scraping (BeautifulSoup/Selenium)

Certifications

Artificial Intelligence and Robotics

June 2025 – July 2025

IIT, Allahabad

Certificate

- Underwent a 6-week training program on AI and Robotics at IIT Allahabad, gaining practical exposure to machine learning, computer vision, and autonomous robotic systems.

Extracurricular

OpenCode

December 2023 – Present

Technical Team Member

NIT, Rourkela

- Organized HackNITR and HackInnovision as a Core Team member, contributing to HackNITR 7.0, which attracted over **7,000** registrations.
